RE: JOHNSON UTILITIES COMPANY, DOCKET NOS. WS-02987A-95-0284 and WS-02987-95-0285, Decision No. 60223.

On June 15, 1995, Johnson Utilities Company filed applications for approval of financing and for a Certificate of Convenience and Necessity ("CC&N") to provide water and wastewater services to portions of Pinal County, Arizona.

On May 27, 1997, the Commission issued Decision No. 60223 consolidating the two cases and approving the CC&N subject to certain conditions, including that:

"the Company file a status report for its hook-up fees each January 31st beginning in 1998, accounting for all hook-up fees collected and expended."

On February 1, 2005, the Company filed a letter requesting an extension of the deadline for this condition to February 4, 2005, because the Company's accountant could not complete the report before the established due date of January 31st.

On February 2, 2005, the Company filed the required annual report.

Since the Company has consistently filed this annual report on time since 1998 and has already filed the report for this year, Staff recommends approval of the Company's request for the deadline to be retroactively extended to February 4, 2005, (or to February 2, 2005, when the report was filed).
